Gentlemen,

Subject: Marpe Technologies Tech-Aided Dermatology Project

## ***Congratulations!***

I am pleased to inform you that BIRD's Board of Governors, at its meeting on December 22, 2020, approved funding of your proposed project, with a conditional grant of \$1,000,000 for the 24-month period.

This approval is valid for three (3) months from the date of this letter, (until March 31, 2021). A Cooperation and Project Funding Agreement (CPFA) must be signed between the companies and the BIRD Foundation within this time frame, otherwise the approval could be cancelled, as the Foundation can hold unassigned funds for only a limited period of time.

We also draw your attention to the fact that shortly the Foundation will hold fiscal and technical reporting seminars – in Israel for the Israeli companies and in the U.S. for the American companies - which are intended to inform the companies on how to prepare and submit the fiscal and technical reports. Participation is mandatory.

**Note on press releases:** *public announcements on the BIRD Foundation award must be coordinated with the BIRD staff.*

Sincerely yours,

  
Eitan Yudilevich, Ph.D.  
Executive Director
